INDEPENDENT AUDITOR'S REPORT

The Board of Directors Institute of Noetic Sciences Petaluma, California

We have audited the accompanying financial statements of Institute of Noetic Sciences (a nonprofit organization), which comprise the statements of financial position as of June 30, 2016 and 2015 and the related statements of activities, functional expenses, and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Institute of Noetic Science as of June 30, 2016 and 2015, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

NOTE 1 – SIGNIFICANT ACCOUNTING POLICIES

Nature of Activities

The Institute of Noetic Sciences (the Organization), founded in 1973, is a non-profit organization dedicated to supporting individual and collective transformation through consciousness research, transformative learning, and engagement of a global community in the realization of human potential.

The Organization conducts, advances, and broadens the science of what connects us, reaching new understandings about the nature of reality and extended human capacities. From what is learned, the Organization creates real-world tools that empower people to apply conscious awareness in their personal lives, and in healthcare, education, and business.

The Organization hosts a vibrant community of explorers and change agents who are working together to make a difference in the world.

Method of Accounting

The accrual method of accounting is used for financial statement purposes.

Depreciation and Capitalization

Fixed assets are stated at cost. Depreciation is computed using the straight-line method over the estimated useful lives of the respective assets, ranging from three to thirty years. Donated artwork is held on the books at its estimated fair market value at the date of donation, and, in accordance with Generally Accepted Accounting Principles (GAAP) is not depreciated. Depreciation expense for the years ended June 30, 2016 and 2015, was \$253,860 and \$234,524 respectively.

Maintenance and repairs are charged to operations when incurred. When property or equipment is sold or otherwise disposed of, the asset account and related accumulated depreciation account are reduced, and any gain or loss is included in operations.

Whenever events or changes in circumstances indicate that the carrying amount of a long-lived asset may not be recoverable, management reviews the carrying amount of the asset to determine if there has been impairment. Recoverability of assets to be held and used is measured by a comparison of the carrying amount of an asset to the undiscounted future net cash flows expected to be generated by that asset. If the carrying amount of an asset exceeds its estimated future undiscounted cash flows, an impairment charge is recognized by the amount by which the carrying amount of the asset exceeds the fair value of the asset. Management of the Organization believes that its long-lived assets are recoverable over the remaining useful lives.

Recognition of Revenue and Expenses

Revenue is recorded when earned and expenditures when incurred.

Accounts Receivable

Receivables are considered past due after 30 days.

NOTE 1 – SIGNIFICANT ACCOUNTING POLICIES (Continued)

Functional Expenditures

The Organization reports its expenditures on a functional basis. Expenditures that are common to several functions are allocated among the pertinent functions.

Contributed Services

No amounts have been reflected in the financial statement for donated services. The Organization generally pays for services requiring specific expertise. However, many individuals volunteer their time and perform a variety of tasks that assist the Organization, but these services do not meet the criteria for recognition as contributed services.

Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect certain reported amounts and disclosures.

Contributions

Contributions received are considered available and unrestricted for the general program unless temporarily or permanently restricted by the donor and are reflected in net assets as such. Funds are considered temporarily restricted if the donor imposes a restriction, which will either expire by the passage of time or will be fulfilled and removed, by actions of the Organization pursuant to those stipulations. At the time of fulfillment, those contributions are removed from the temporarily restricted category and are then considered unrestricted. As to permanently restricted assets, the donor-imposed restriction stipulates that such contributions be maintained permanently, but the Organization is allowed to use the income derived from such assets or fixed percentage of the fund. Donated property is recorded in the financial statements at the estimated fair market value at the date of receipt.

Inventories

Inventories are stated at the lower of cost or market with the average cost method for promotional merchandise and perpetual method for the retreat center bookstore. Inventories consist of promotional merchandise and the retreat center bookstore.

Sales Tax

Gross receipts are shown net of sales tax collected.

NOTE 1 – SIGNIFICANT ACCOUNTING POLICIES (Continued)

Vacation/Sick Pay

Vacation and sick pay benefits are based on each employee's length of employment and only vacation may be carried over to the next year. The accrued balances for the years ended June 30, 2016 and 2015, were \$91,741 and \$107,627 respectively.

Bad Debt

The Organization elects to record bad debt using the direct write-off method. GAAP requires that the allowance method be used to reflect bad debts. However, the effect of the use of the direct write-off method is not materially different from the result that would be obtained had the allowance method been followed.

Income Taxes

The Organization is a not-for-profit organization that is exempt from federal income tax under Section 501(c)(3) of the Internal Revenue Code and California franchise tax under Section 23701(d) of the Revenue and Taxation Code. The Organization used the same accounting methods for tax and financial reporting.

GAAP provides accounting and disclosure guidance about positions taken by the Organization in its tax returns that might be uncertain. Management has considered its tax positions and believes that all of the positions taken by the Organization in its federal and state exempt organization tax returns are more likely that not to be sustained upon examination. The Organization's returns for the years ended June 30, 2013, 2014 and 2015, are subject to examination by federal and state taxing authorities, generally for three years after they are filed.

NOTE 2 - CASH

The Organization does not have any cash equivalents.

The Organization maintains its cash in bank accounts which, at times may exceed federally insured limits. The Federal Deposit Insurance Corporation (FDIC), insured these accounts, to the extent that the accounts in any one bank did not exceed \$250,000. On June 30, 2016 the accounts exceeded \$250,000 by \$787,194. Such funds were at risk in the event of insolvency of the banking institutions.
